

# **Assembly of First Nations Virtual Summit on Post-Secondary Education January 27, 2011**

## **Questions for First Nations Students:**

What do you require to successfully complete your post-secondary education?

What is your greatest challenge in accessing post secondary education?

What is in place to help your success? What is taking place at your post-secondary institute to assist you? What is in place at your community?

What are your challenges and opportunities in accessing funding?

Connecting to communities is often cited as being important to First Nations learners. What are the ways in which you maintain this connection?

What will make things better for you?
