

3rd Annual AFN National Water Symposium and Tradeshow:

First Nations Water Future Post -2021

November 20-22, 2019 • Fairmont Royal York • 100 Front Street West, Toronto, Ontario

Building upon the dialogue from the 2nd National Water Symposium and Tradeshow “*First Nations and Water in the 21st Century*”, this year the theme will be “*First Nations Water Future Post-2021*”.

The government of Canada has committed to ending all long-term drinking water advisories on-reserve by March of 2021... but what will happen after that? This year the annual AFN National Water Symposium and Tradeshow will be oriented towards answering that question.

In this context, the 3rd Annual AFN National Water Symposium and Tradeshow will focus on the post-2021 water and wastewater future for First Nations.

Symposium attendees will include First Nations leadership from across Canada, water technicians and operators, Public Works department staff, other First Nation infrastructure technicians, consultants, Government officials and non-governmental entities and leading members of academia with an interest in First Nation water and wastewater issues.

Please watch for updates at www.afn.ca or email any questions to Nov2019Watersymposium@afn.ca or call toll-free: **1-866-869-6789**.

As part of the event, the AFN is hosting a Tradeshow, which is an excellent opportunity to showcase your innovative products and interact with First Nation leadership, administrators, public works technicians, operators, non-governmental organizations, government departments, and businesses from across Canada.

Please contact Larry Whiteduck at lwhiteduck@afn.ca for more information!

SYMPOSIUM OVERVIEW:

All activities will be taking place at the **Fairmont Royal York, 100 Front Street West, Toronto, Ontario**

The Symposium topics will include:
